

GOT QUESTIONS

Who Doesn't!

We all have questions.
The issue is, "Where do we go
for answers?"

Have you ever thought about
questions, such as:

Is there really a God?

If there is a God, why does He allow
so much death and suffering?

How are there so many different
'races' of people?

To answer these questions, there are really only two different sources we can turn to for wisdom. The first is man's knowledge. For example, in school we're taught that given enough time and the right circumstances, everything we see in the universe just happened. This ultimately means that humans are nothing more than evolved pond scum! The second source is the Bible, which states that **we're created in the image of God!** If we are created in the image of God, the way we answer these questions changes dramatically.

What's the truth? It can be very confusing! Why not search for yourself? **You may be surprised by what you find.** Here's a couple of websites that may help you in your journey. God bless you!
